

**TBPAG Spring Workshop with Dayle Doroshow
March 15, 2006**

The Tampa Bay Polymer Art Guild is pleased to announce a one day workshop with Dayle Doroshow on Wednesday March 15, 2006 in Clearwater Florida.

Niches, Shrines and Secret Places

Explore the mystery and magic of a secret place that you will create out of polymer clay, beautiful papers, found objects and personal talismans and treasures. The shrine will consist of panels that can be self-standing, fold up into a book, or be a three-dimensional niche to hold messages and artifacts. We will also explore new polymer clay surface techniques including collaging sheets of designed clay, and using embossing powders as pigments and surface embellishments. This class will give you fresh visions and open new possibilities for your own work.
